

3D Solid Visualization - POLYGON BOUNDARIES ONLY
11 Faces from Boolean CUT Operation
No Triangulation - Pure Polygon Display

PURE POLYGON DISPLAY

- No triangulation applied
- All faces shown as true polygons
- Face 3 should show 5-vertex pentagon
- Inclined edges clearly visible
- 11 faces total

3D Solid Reconstruction: Original + Extracted Polygons

Engineering Drawing Views - Seed 20501
