

3D Solid Visualization - POLYGON BOUNDARIES ONLY

22 Faces from Boolean CUT Operation

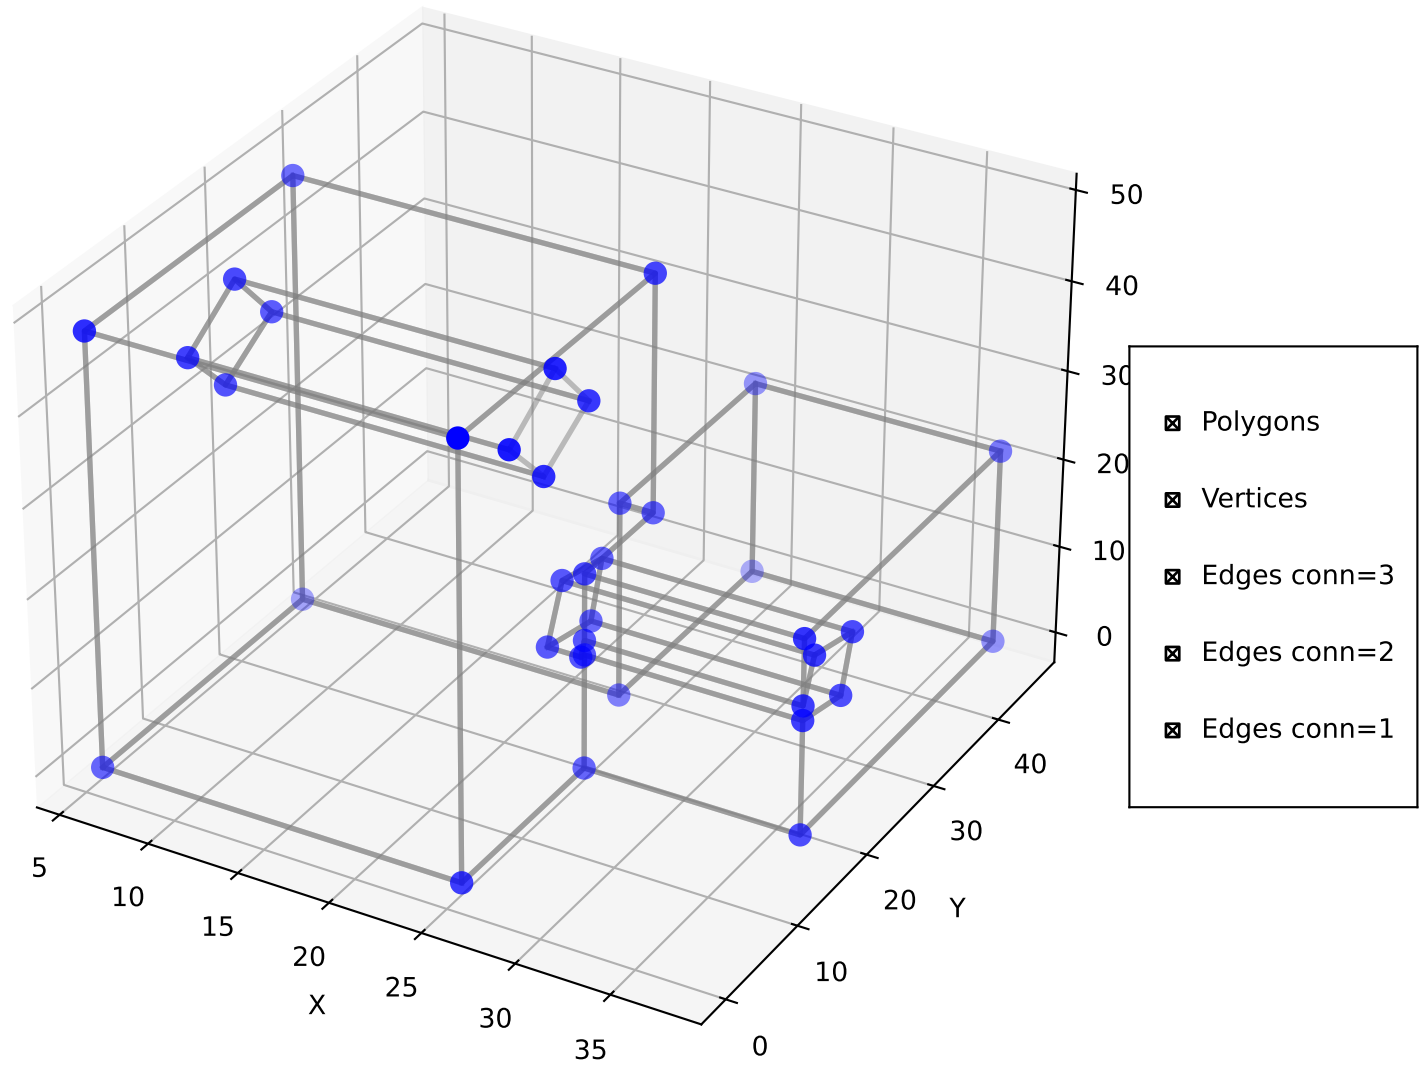

No Triangulation - Pure Polygon Display

PURE POLYGON DISPLAY

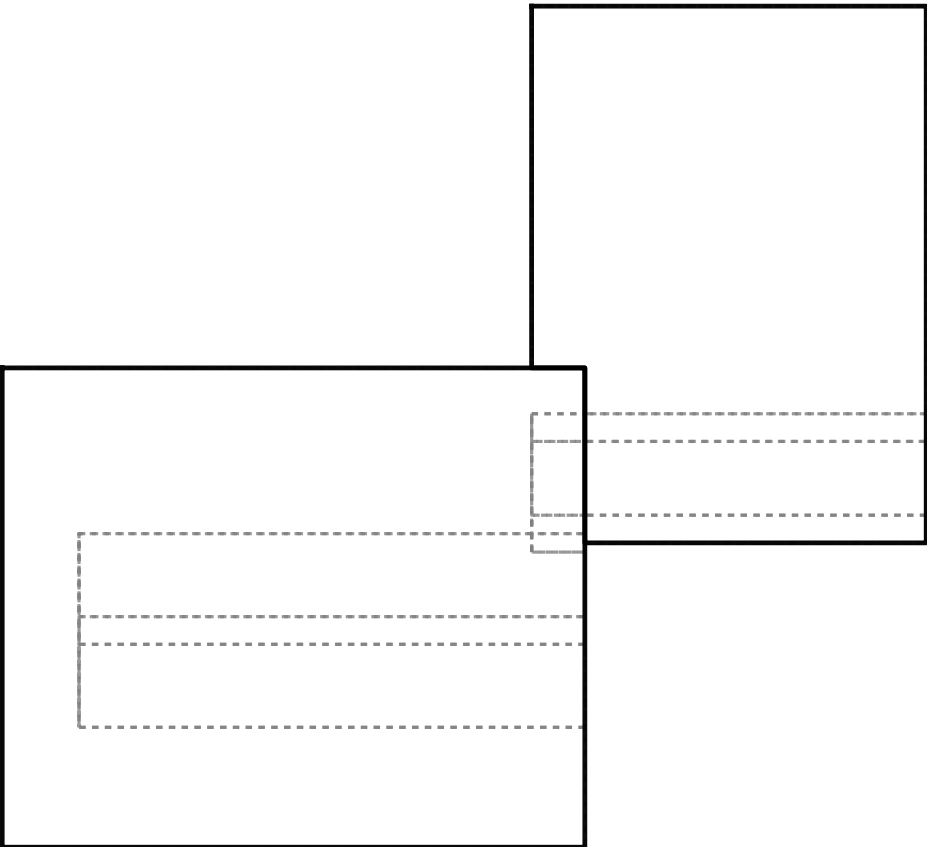

- No triangulation applied
- All faces shown as true polygons
- Face 3 should show 5-vertex pentagon
- Inclined edges clearly visible
- 22 faces total

3D Solid Reconstruction: Original + Extracted Polygons

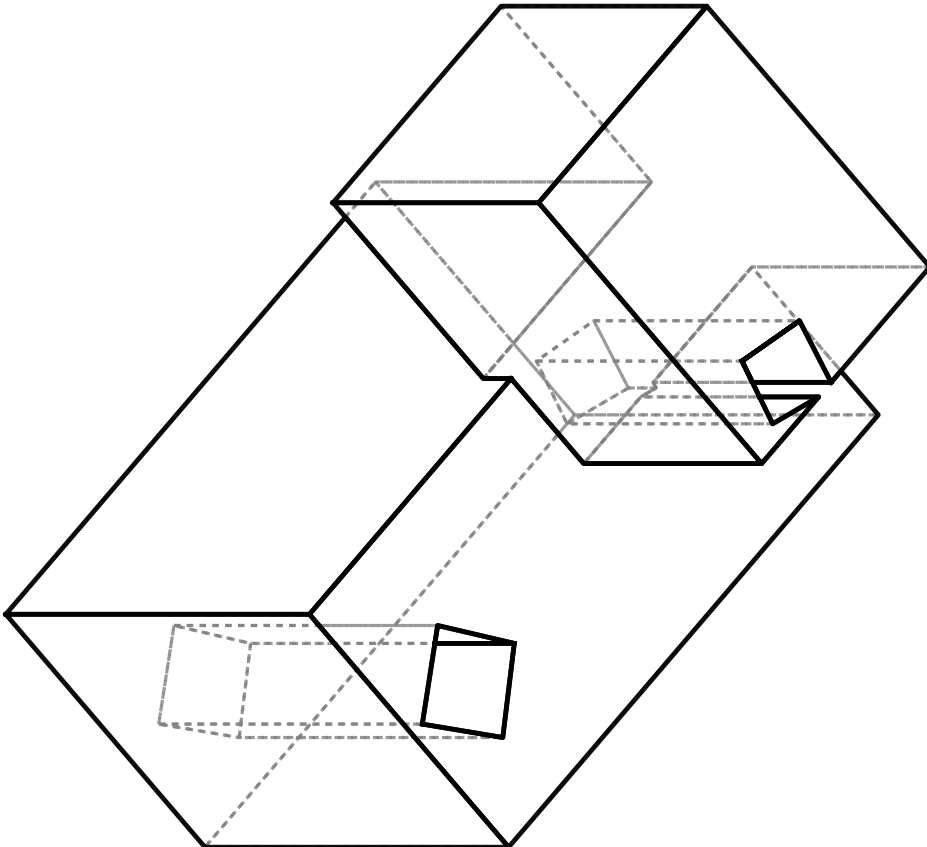

Engineering Drawing Views - Seed 1305
